

BUILT-IN MANUAL BURNER™

www.decoflame.com

The decoflame® Built-in Manual Burner™ is part of the made-to-measure range of decoflame® bioethanol fires. Its simple layout makes it versatile and adaptable for a large variety of fireplace applications.

The burner's length can be 400 - 500 - 600 - 700 - 800 - 900mm.

On the following page you can find information about the different sizes and download Autocad Drawings for all of them.

BUILT-IN BURNER

WALL CUT-OUT

BUILT-IN MANUAL BURNER™

www.decoflame.com

DecoFlame strongly recommends installing one or more glass shields in order to protect the flame from draught, while keeping it vivid. The glass shield is available on request and can be mounted on the furniture/wall in which the fireplace is installed. Please see below the situations where the glass is optional and where it is mandatory.

Optional glass
